

OUR CURRICULUM

THE PRESCHOOL
by THE INTELLIGENT GROUP

KINDERGARTEN 5-6 YEARS OLD

The curriculum encourages exploration and discovery while developing inquiry, language, and problem-solving skills. Through stimulating interactions, purposeful play, reading, and vocabulary-building activities, children strengthen their literacy, critical thinking, and communication skills while gaining confidence as independent learners.

LANGUAGE

Language for Kindergarten builds confident communication and early literacy through reading, phonics, storytelling, writing, and purposeful conversations. Children strengthen vocabulary, sentence structure, comprehension, and expression while learning to communicate clearly and creatively, preparing for primary school with confidence and language foundations.

1. Explore & Discover
2. Imagination
3. Seven Wonders of the Ancient World
4. New Seven Wonders of the World

5. Inventions
6. Homemaking
7. Entrepreneurship
8. Investigation

9. Sustainability
10. Creative Arts
11. Sports & Movement
12. Fun & Games

Reading	Syllables	Phrases	Abbreviation
Build 3 letter words	Vowel patterns	Special sounds (pl, sl, sn, sp, spl, st)	Compound words
